Come and join 1<sup>st</sup> Belmont Scouting families for a weekend of relaxation, parents and all siblings are welcome. Our Family Camps have always been a great success where you are encouraged to have fun and do as little or as much as you like. Options include short walks, looking for koalas, real coffee in the café (for us parents), giant jumping pillow, fishing, building a giant sling shot or rock pooling and more or just let the kids have fun at the playground.

This is a perfect opportunity to get know each other, why not bring your favourite game to play or just settle in for a talk while the kids have fun. (Sorry but kids can't come without a parent or guardian as this is a camp for our leaders and their families to sit back too!)

We usually have breakfasts together – self service continental style and share in preparing and eating a tasty three course communal meal on Saturday night. All optional of course!!
